FOR THRILLING EARLY SPRING FLOWERS

# WILD TULIPS

(BOTANICAL OR SPECIES)

Unsurpassed for spring bloom in rock gardens (varieties marked \* are low growing and particularly adapted for such use) or mass planting. Red Emperor is outstanding for use in borders around evergreens. Eichleri, because of its height and form, can be used either in borders or along walks for edging.

Start your collection of Wild Tulips now, choosing from the following selected varieties:

- \*KAUFMANNIANA (Water Lily Tulip) From Central Asia. Very early, usually in bloom before April. Creamy White and carmine red with gold-yellow center. Excellent for rock gardens. Left undisturbed, will flower for many years. Height 6".  
12 for \$1.30 - 100 for \$8.95.
- PRAESTANS From Bokhara. Large orange-red flowers, several on a stem. Really worthwhile. Height 14". Plant 12" deep.
